NO IN-BETWEENS

Propeller
Take learning further

For 2 players. You need: a spinner and 22 counters.

How to play

- Each player should choose a colour of counter to be 'their colour'
- Take turns to spin the spinner and divide the number you land on by ⬟
- If you can find the number on the track, cover it with a counter in your colour.
- If your number isn't on the track, or is already covered, you miss a turn!

The winner is the person to cover three numbers in a row with none of their partner's counters in between
