

# CONNECT 3

For 2 players. You need: a spinner and 18 counters.

## How to play

- Take turns to spin the spinner and divide the number you land on by 5
- If you can find your answer, cover it with a counter in your colour
- If you can't find the answer, or it's already covered, you miss a turn!
- Keep taking turns until someone wins

The winner is the first person to cover three touching circles
