

PROPERTY MATCH - 1

For 2 players. You will need: two sets of 0-9 cards and two pencils.

How to Play...

- Take turns to write your initials on the properties in the blue boxes below until you have 6 each
- Shuffle the 0-9 cards and take three to put into the pink boxes
- Player 1 reads out one of their properties - if one of the cards in the pink boxes matches their property, win a point
- Player 2 then does the same
- Put the 0-9 cards back into the pile and shuffle again, then put three new cards out
- Play until all of the property cards have been used

The winner is the person with the most points!
