Week 11

Year 4 - Week 11

This week in a nutshell:

- Mental multiplication, division, addition and subtraction content from the previous 10 weeks is recapped.
- Some questions require pupils to use their understanding of the inverse – remind pupils that where they see a '?' in a calculation, they need to work out the missing value.
- Adding fractions is a focus this week.
- Written questions continue to focus on addition and subtraction of larger numbers, together with short multiplication.
