Deputy Headteacher: Mrs L Longden

Assistant Headteacher: Miss C McGinnes & Mr A Fidment

Friday 2nd December

Recycling competition

Dear Parent/carers

You may have seen on the Eco Rep blog on the school's website that the KS1 and KS2 Eco Reps have recently been on two separate litter picks. The first litter pick was in our Nature Area and the second was on Park Street and local housing estate with Twiggs Ground Maintenance accompanying us. The Eco Reps were brilliant and collected several bags of rubbish and represented school amazingly.

Sadly, they were all disappointed with the amount of rubbish within our local area and would like to highlight the issue of recycling with all classes in school. With that in mind, the Eco Reps would like to run a competition which each class will participate in during their art lesson. Classes will be asked to bring in as much recycling as they can from home to create a sculpture. This sculpture made from recycled materials will be entered into a competition and the Eco Reps will judge which is the most creative! Any unused items collected will be recycled or donated to our EYFS classes for their creative and junk modelling area.

The Eco Reps are asking for any recyclable items to be brought into classes from now until the end of the first week back in January when the competition will begin. Please note that glass items or tins cannot be accepted due to safety but plastic and cardboard items are fine to donate. I am sure over the Christmas period there will be lots of items to recycle, and lots of weird and wonderful shaped boxes and packets! Please pass any items to your child's teacher.

Thank you for your support and please check out the Eco Rep blog in the future to find out the winner of the competition. If you have any ideas about Eco issues, such as recycling, saving energy, helping the environment etc, then please get in touch as our Eco Reps would love to hear from you!

Yours sincerely

Miss C Clementson
Eco Rep leader
